

Get Ready for Your Virtual Video or Audio Telehealth Appointment!

Once you schedule a video telehealth appointment there will be two more alerts from our team:

1. You will get a one-click email link immediately.
2. You will get a one-click SMS text link 30 minutes prior to your appointment.

Your one-click link means no app or download is required. Just click the link when it's time to connect to your telehealth appointment!

Once you schedule an audio-only telehealth appointment, we'll call you when it's time for your visit.
